Customized IV Therapy

Customized IV Hydration

— \$250/session

All IV drips at Baltimore Aesthetics are custom-formulated by our Nurse Practitioner or Physician following an in-person consultation. Each blend is tailored to your individual needs—whether you're seeking hydration, energy, immunity support, skin health, recovery, or metabolism support.

No two patients are alike, and neither are our IVs. Your medical provider will design a unique infusion using medical-grade vitamins, antioxidants, amino acids, and electrolytes to help you look and feel your best.
